Mayor Bailey announced that the Utilities Commission had cash on hand and in banks of \$494,152.15.

Mr. Capel stated that there was a sanitary sewer overflow on Radcliffe Drive because there was only one pump operating at the time. He thought there was a leak in the pond by LaMotte. He said when the sewer was installed at LaMotte there was an agreement that the Town would run a pipe under the railroad track to alleviate the problem from occurring. He stated it was time to install the piping.

The Council agreed that Mr. Capel should research preliminary information on the piping costs.

Mr. Capel stated that at the lagoon there was a blower they had to repair and another that was sent away for repair. There was a pump at Radcliffe Station that had to have new bearings and propellers.

Mr. Capel stated that there was a problem with the circuit breaker on two pumps on Kent Street. He said they had to install a larger circuit breaker.

Mr. Capel stated that the Corrosion Control was scheduled to begin work on the standpipe by the end of the week.

Mr. Capel stated that he traveled to Maine to a map company and purchased GIS equipment for \$500.00 that would allow him to locate the water and sewer lines within 10' so they could be mapped out.

There being no further business, Mr. Clark made a motion to pay the bills. Mr. Bristoll seconded the motion and it carried unanimously.

Mr. Clark moved to adjourn the meeting at 7:43 p.m., was seconded by Mrs. Mumford-Pautz and carried unanimously.
